

DISABLED ACCESS FOR ST JAMES'S CHURCH, PICCADILLY

There is wheelchair access into St James's Church from both Jermyn St and Piccadilly sides (Jermyn St side has space for an 80cm wide wheelchair; Piccadilly side is slightly narrower at 69cm).

Jermyn St: go through the iron gates at the back of the church (just after Hawes and Curtis tailors on the corner of Church Place and Jermyn St), turning immediately left along the back of the church past the flower stall – this is a gradual ramp which leads to a door into the church foyer.

Piccadilly: enter the church gates, turning immediately right to a gradual ramp into the courtyard. There is a metal ramp (width 69cm) into the church itself.

Toilet facilities: There is an accessible toilet in the foyer which can be opened with a radar key

Parking: The map below shows locations of blue badge parking bays near St James's Piccadilly. The one in the middle of Jermyn St, marked with a white marker is right outside the Jermyn St entrance to the church.
