Part time Associate Priest (SSM)

Introduction

St James's is a lively, inclusive church in central London which draws together a diverse set of activities, projections, and aspirations. Rooted in its character as an Anglican parish church, and with the celebration of the Eucharist at the heart of its life, it has a decades-long track record of gathering people of all faiths and none in a range of social outreach, earth justice and arts/music programmes. The congregation is lively, diverse and gathered from across London and beyond.

This Associate Priest role, 2 days plus Sundays, is focussed on the pastoral care and support of the gathered congregation, working with the Rector, Associate Rector and clergy team to develop programmes and structures that enable individuals to get to know each other, grow in faith and discipleship, welcome newcomers and empower and encourage lay leaders.

Our Vision

Context and Purpose of the role

St James's has been fundraising for a major restoration project The Wren Project, the construction phase of which is due to start in the Spring of 2027. Over this time, the Rector and PCC want to ensure that the pastoral care of the gathered congregation is a priority. Focussed on the flourishing of the gathered congregation, this role is envisaged to be three weekdays plus Sundays. The plan for the construction phase of the church building (up to 18 months) is for Sunday and weekday worship to be held at St Pancras Euston Road, the congregations joining for that time. The Rector of St James's is also the Priest in Charge of St Pancras.

The current clergy team comprises a full time Rector (Lucy Winkett), full time Associate Rector (Ayla Lepine), part time Associate Priest (Mariama Ifode-Blease) and part time Self Supporting Minister (Ivan Khovacs).

Working with the Associate Rector, church wardens and assistant wardens, this new Associate Priest (SSM) role will
